REVIEW QUOTES: Slade is riveting: sinuous, tormented, vengeful and venomous, with a strength born of hate: a depiction of demented helpless cruelty in icy brushstrokes: (**Sunday Independent re. Medea**) Linda Slade carries the central role of Medea in a crafted and electrifying performance; (**Irish Times.**) Slade's talents are manifold; (**London Time Out re Turn of The Screw**). Slade's portrayal of the mistress is top notch: a subtle mixture of sarcasm and vulnerability the perfect match for Susan Clark.... (**LA Times re. Triptych.**)
